

Dialogue Article Submission Guidelines (Effective 29 Jan. 2012)

The United States Association for Energy Economics publishes "**Dialogue**", the official Newsletter of USAEE, three times a year: January, May and September. It is available for download at <http://dialogue.usaee.org/>.

Each issue features a Message from the President, articles written by USAEE members and invited colleagues. The Dialogue site also includes listings for upcoming conferences, a calendar of events, and other news relating to USAEE and the energy field. The articles are central to Dialogue's mission of communicating recent research or analysis on topical energy sector issues in a concise manner to the widest possible audience. USAEE pro-actively encourages submissions by members from *all* sectors of the energy economics' community: academics (including students), business/consulting and government.

Due dates for the submission of articles in 2012 are:

May 1 (May issue); Sept. 1 (Sept. issue); and Dec. 14 (Jan. 2013 issue).

To facilitate the editorial process, prospective authors are kindly requested to submit a non-binding Expression of Interest (EoI) in submitting an article to the Editor of *Dialogue* (robertborgstrom2@gmail.com) as far in advance of the due date for submissions as possible. This EoI is not meant to be an abstract for review; it need only include the author's name and affiliation and the title or subject of the prospective article.
